

# A chance to meet and hear from leaders in rail innovation

January 25, 2022

Don't miss your chance to register for the Rail Innovation Exhibition.

Set to go ahead on 22 March, it is a showcase of the very best in rail innovation, brought to the sector by the Department for Transport (DfT), Innovate UK, Innovate UK KTN, and the Railway Industry Association (RIA).

The event promises to showcase a number of major innovators in rail and their projects – both in the exhibition hall and at industry talks – and it will highlight some of the winners from the DfT-funded 'First of a Kind' rail competitions.

The day will launch on a truly global scale, broadcast across the web via 'RIA Rail TV'.

Visitors will be the first to hear some significant announcements as well as insights from industry luminaries. Furthermore, it will be an outstanding chance to network with leaders, stakeholders and procurement managers.

If you wish to register, please [click here](#).

Alternatively, you can apply to exhibit. Following approval by the rail expert panel, exhibitors will be able to bring their know-how to the event for free.

The Rail Innovation Exhibition takes place on 22 March from 09:30 to 16:30 at: etc. Venues, 133 Houndsditch, London as well as via online streaming.
