

# AmcoGiffen to hold two career open days in Wales & Western

February 23, 2023

One of the UK's leading engineering, design and build and contractors, AmcoGiffen, has an exciting range of rail civils and E&P career opportunities available now and more coming soon, following the award of two Network Rail, CP7 frameworks.

The first open day will take place on Wednesday 15 March from 10 am to 2:30 pm at Holiday Inn, The Coldra, Newport, NP18 2YG. The second will take place the following day, Thursday 16 March, from 10 am to 2:30 pm at Double Tree by Hilton, Redcliffe Way, Bristol BS1 6NJ.

The open day will provide job seekers with the opportunity to meet the team, ask questions, apply for a role, and gain insight into life at AmcoGiffen and the benefits package on offer. Visitors will also be able to learn about early career development options and routes to progress in rail.

Mark Peters, Regional Managing Director, AmcoGiffen, said: "We're an established contractor working in this region and we're in an enviably strong position with a robust pipeline of secure work in place for several years. We're looking to expand our exceptional team to deliver the work and we're keen to give people the chance to learn about AmcoGiffen, our work, and our widespread opportunities in the Wales &

Western region.”

Recruitment Manager for AmcoGiffen, Tom Peach, commented: “We’re keen to hear from people in the area looking for a new role or a change in career, no matter what your age or background. We want to provide long-term career opportunities for local people who share our values, and who are keen to learn and develop.”

The company has a range of opportunities available now and coming soon for the following disciplines:

- PTS operatives, labourer, skilled and semi-skilled tradespeople (including but not limited to bricklayers, electricians, and carpenters)
- Site supervisors and site managers
- Site engineers
- Sub-agents and site agents
- Project managers
- Construction managers
- Contractors engineering managers
- BIM managers
- Quantity surveyors (all levels)
- Estimators / senior estimators
- Planners (P6)
- Consent / stakeholder manager
- SHEQ – safety, health, environmental, and quality
- Administration
- And much more

AmcoGiffen employs around 1,500 colleagues throughout the UK across 25 offices and depots. Their work ranges from reactive maintenance contracts to extensive infrastructure improvement projects, such as Ebbw Vale Enhancement Scheme. The company prides itself on its breadth of capabilities and specialist experience providing a trusted pair of hands for clients.
