

Another MP shows support for the 'Love Your Railway' campaign

August 30, 2022

Kevin Hollinrake, MP for Thirsk and Malton, visited the North Yorkshire Moors Railway and showed his support for the Love Your Railway campaign, which is being spearheaded by the NYMR.

He said: "I am pleased to support this brilliant yearly campaign once again after another challenging year for the sector. The 'Love Your Railway' shines a spotlight on our iconic rail history here in North Yorkshire and with summer drawing to a close, it's even more important to keep supporting heritage railways into the autumn and winter months and ensure it survives for future generations."

Mr Hollinrake is the latest politician to show their support for Love Your Railway: Nigel Huddleston MP, minister for sport, tourism, heritage and civil society; Chris Heaton-Harris, MP for Daventry; Lucy Allan, MP for Telford; and Dr Daniel Poulter, MP for Central Suffolk and North Ipswich, have all engaged with the heritage railway summer campaign, which brings together over 85 organisations from as far afield as Scotland, Snowdonia, Leighton Buzzard, and the Lake District*.

Love Your Railway shines a spotlight on heritage railway organisations across the UK, and is encouraging visitors to support them this year by purchasing tickets to travel on these magnificent tourist

destinations.

Spearheaded by NYMR, 'Love Your Railway' is a six-week campaign which runs over the summer holidays from 25th July to 4th September, with weekly themes covering conservation, education and research.

The six themed weeks are: History, Conservation, Partnerships, Family, Volunteers and Education. Throughout the campaign heritage railways are encouraging visitors and supporters to get involved and share photos and memories of their visits on social media using #LoveYourRailway
