

Charles Brand secures contract to support the delivery of HS2 Phase One

September 17, 2020

Charles Brand has secured a contract to deliver highways work to support the delivery of HS2 (High Speed Two) Ltd Phase One.

HS2 Phase One will see a new high speed railway line constructed from Euston to North of Birmingham, where it will re-join the existing West Coast Mainline. The new line between London and Birmingham will run on 140 miles of dedicated track.

Charles Brand will be working for the Align JV, an HS2 main works civils contractor, responsible for the delivery of the Central 1 portion of HS2 that includes a viaduct over the Colne Valley. Charles Brand has been contracted to deliver highways works near Denham, required to support the construction of the viaduct.

Charles Brand's Managing Director, Niall McGill explains: "HS2 is an iconic Civil Engineering project to be involved with and we're thrilled to have secured this element of the works for the Align JV."
