

Ganymede Solutions Launches New Sales and Customer Support Office in Paddington, London

August 3, 2021

Recruitment and Workforce Management specialist Ganymede has announced the official opening of its new offices at 2 Eastbourne Terrace, Paddington, London.

Operations Director, Chris O'Connor explains: "Our London team performance pre-COVID was one of repeat success with year on year growth, so we have all been eager to return to the office environment. Many of our key customers are located in London, so the benefit of being 'on hand' is clear.

"It was important for us to have a workspace where the London team can collaborate and share ideas and where colleagues from elsewhere can hot desk when in town. We are also excitedly looking ahead at our future order book and it is clear to see that the London team is really set to grow."

Previously based in Kings Cross, the new modern office's central location allows the Ganymede team to service key clients in the Rail, Highways, Civils, Transportation and EV sectors and is a great location to meet with new clients as we continue to grow during the economic recovery.

Lindsay Warren, Client Relationship Manager (EV and Transportation) explains the importance of such a central location: “Being back in Central London gives us real flexibility to attend meetings at short notice pretty much anywhere in the UK and we are obviously within easy reach of all our London clients.

“The office is fantastic for meeting clients and candidates alike with plenty of meeting rooms and comfortable spaces as well as a rooftop terrace. Every member of the team is keen to get back to face to face meetings.”

To contact the Paddington team and discuss your requirements contact 07788 369 050 or email Lindsay.warren@ganymedesolutions.co.uk
