

# Get a great deal at RBD Rail Recruiter, the rail jobs board

November 16, 2022

The advertisement features a purple background with the RBD Rail Recruiter logo in the top left. A large, stylized text overlay reads "3 job postings for £300". To the right, a laptop displays the website's interface, which includes a search bar, a navigation menu, and a section titled "Featured jobs" with three job listings: "P15 Electrician" from Vannin, "Senior Project Engineer (SRV)" from HS2, and "Senior Quantity Surveyor | Rail" from Linbrooke. The website also has a tagline "Get your career on the fast track" and a "Browse for jobs by" section at the bottom.

In September **RBD Rail Recruiter**, the revolutionary jobs board developed exclusively for rail industry recruitment, launched a special offer to mark the milestone of achieving 40,000 visitors to the website.

This figure has already exceeded 50,000 and to recognise this new milestone, along with the popularity of the original offer, it is now being offered again for a limited time until 16<sup>th</sup> December. Small and medium sized businesses can buy three job credits for £300+ VAT, providing an opportunity to test the platform for a limited investment, and they have the flexibility to use job credits at any time over a six-month period.

Dean Bruce, managing director, said: "The RBD Rail Recruiter jobs' site is helping some of the biggest and best-known recruiters to locate candidates and to raise the profile of their jobs and businesses.

"RBD Rail Recruiter is advertising more jobs than any other UK- based rail sector specific job board and we have a growing database of more than 1,000 active job seekers that recruiters can search to find the rail talent they need to grow."

The idea has always been for **RBD Rail Recruiter** to be the go-to place for all recruiters large and small and

for all job seekers in the rail sector.

Jobs advertised on the website include everything from trackside work to engineering, project management and senior executive roles plus support activities such as accountancy, IT, sales and HR.

Dean added: "We are aware in the current candidate-led jobs market, recruitment can be tricky and a big use of time and resource for small and medium sized companies.

"The RBD Rail Recruiter proposition has been designed to adapt to this difficult period, as part of the Business Daily Group of companies we have unparalleled marketing reach to promote jobs to a qualified audience of rail professionals, which is proving to be highly valuable to our clients."

We are very pleased to once again offer small and medium sized businesses the opportunity to test the platform with our special offer that enables them to buy three job credits for £300+ VAT.

Dean said: "The job credits can be used at any time in the next six months, so it's perfect for businesses that don't have large numbers of jobs to recruit for at any one time, plus the first three businesses that take up the offer and quote 'Featured Job' will have one job post upgraded to 'Featured Job' post worth £349+VAT.

"The deal represents a big saving but if we are to become the place for all recruiters and job seekers it is important that every business working in the sector has the opportunity to try the platform."

RBD Rail Recruiter has recently been joined by a brand-new jobs board for the FM sector, FM Recruiter. If any organisations have a foot in both rail and FM the offer is available for either site.

To discuss the offer, or for more details on how RBD Rail Recruiter can help your recruitment needs, call 01924 665960 or email [dean@rbdrailrecruiter.com](mailto:dean@rbdrailrecruiter.com)
