“We know our customers travel for a multitude of reasons – so our hope is this sale will make five million of them – be they for days out, weekends away or catch-ups with friends – that bit more affordable.

“Customers should book early to avoid disappointment. Once they’re gone, they’re gone.”

Rail Minister, Huw Merriman, said: “This flash sale is five million chances to see family, friends or just get out and around for prices as low as 50p.

“We need to get people back on our railways and initiatives like this will do just that.”

Northern is the second largest train operator in the UK, with nearly 2,500 services a day to more than 500 stations across the North of England.

Northern’s new timetable came into effect in December 2022 and all customers, especially those who have made regular journeys on specific train times, are advised to use the new ‘**Check My Timetable**’ feature on Northern’s website to see changes specific to their local station.
