Joint organiser, Kevin Lane said: “The event is organised by Railway People for Railway People. RSN 2022 is the ideal place to make new contacts, meet industry colleagues, learn about industry developments and get the opportunities to build your business.

“Can you afford not to be there to share in the huge opportunities that the rail market is offering, with new investments in rolling stock, infrastructure and the modernisation of rolling stock to meet the demanding needs of the new railway unveiled by the emergence of the Great British Railway?”
