Charity the Railway Benefit Fund (RBF) are seeking images for their **2024 Calendar**, kindly sponsored by TES 2000. The calendar, a staple part of the charity's fundraising, celebrates UK railways and those who keep them running.

This year, RBF is looking for photos of anything UK rail related; whether it's a steam, diesel or electric locomotive, a freight or passenger service, trams or underground trains, or a picture of your favourite train at a station or bridge. The charity particularly needs photos that correlate to a specific month or season, such as snowy or sunny scenes.

RBF ask participants to bear in mind the following guidelines when sending in photos:

- The photo needs to be landscape
- The images must be high quality, at least 300 dpi
- Send in a short description with your photo, such as the location, date of the photo, type of train in the image and any other fun facts

A panel of judges, led by RBF's President Pete Waterman OBE, will choose the top 12 photos over the coming weeks. Those selected will receive a free copy of the calendar.

To enter, email your entries with descriptions over to president@railwaybenefitfund.org.uk. The competition closes on 2nd August.

More information can be found on RBF's website:
