

## RBF launches new website

April 12, 2023

**The Railway Benefit Fund is delighted to announce the launch of a brand new website.**

The new website was designed to create a more user-friendly and interactive space, that would be accessible for both supporters and beneficiaries. Features of the new website include a clearer 'Donate' button, allowing supporters to give a one off or regular donation; a 'Useful Links' sections which signposts users to helpful organisations; and an 'Events' page listing all of the ways people can get involved with the charity.

A spokesperson said: "The logo has also been refreshed to give RBF a more modern look and better reflect what it does as a charity. The old logo may still appear in a few places as it gradually update our branding, but rest assured that we are still the same charity, offering support to current, former and retired railway workers across the UK."
