Meliha joins [Skanska UK](#) from [Network Rail](#), where she is currently Finance Director for the eastern region running from London to Scotland, its largest regional business with 10,000 employees. In this role she has overseen a significant portion of Network Rail's investment budget in multi-billion-pound programmes and projects. Prior to this Meliha served as Managing Director for the Anglia Route, leading multifunctional teams responsible for infrastructure management and service delivery for some of the most intensely

operated rail routes into London.

Before joining [Network Rail](#) in 2012, Meliha worked for a diverse range of organisations including [Serco](#) and [Huntsworth](#).

Gregor Craig, President and CEO of [Skanska UK](#) said, “I am delighted that Meliha will be joining us, bringing with her broad experience across a variety of sectors. We look forward to welcoming her to Skanska.”

Meliha replaces current CFO Kelly Gangotra, who is leaving the business to take on a significant new opportunity outside the sector.
