

## Taziker wins internationally recognised health and safety accolade

March 29, 2023

**Taziker** has scooped a prestigious RoSPA Gold Award for the third year, demonstrating its commitment to health and safety excellence.

The RoSPA Health and Safety Awards is the largest occupational health and safety awards programme in the UK. Now into its 67th year, the Awards have almost 2,000 entries every year, covering nearly 50 countries and a reach of over seven million employees. The programme recognises organisations' commitment to continuous improvement in the prevention of accidents and ill health at work, looking at entrants' overarching health and safety management systems, including practices such as leadership and workforce involvement.

While most awards are non-competitive – recognising individual organisations' achievements – competitive awards are presented in 20 industry sectors and for specialist areas of health and safety management.

Rob Usher, Group HSQE Director, Taziker, said: "RoSPA's recognition of our work is a great honour and a source of great pride for us. Taziker has always placed a high priority on the safety and well-being of its people, customers, and the wider community. In addition to demonstrating our commitment to maintaining

the highest standards of health and safety, this award is a testament to the hard work and dedication of our entire team. We are grateful to RoSPA for this award and pledge to continue striving for excellence in this crucial field.”

Julia Small, RoSPA’s Achievements Director, said: “Accidents at work and work-related ill health don’t just have huge financial implications or cause major disruption – they significantly impact an individual’s quality of life. That’s why good safety performance deserves to be recognised and rewarded.

“We are thrilled that Taziker has won a RoSPA Award and would like to congratulate them on showing an unwavering commitment to keeping their employees, clients and customers safe from accidental harm and injury.”

Sponsored by Croner-i, the RoSPA Awards scheme is the longest-running of its kind in the UK, and receives entries from organisations across the globe, making it one of the most sought-after achievement awards for the health and safety industry.
