

# Tilbury Douglas appoints Regional Director for Yorkshire and the North East

September 14, 2022

**Tilbury Douglas** has appointed Paul Ellenor as Regional Director for Yorkshire and the North East.

Having started his career with the business 35 years ago as an apprentice, working his way up to leadership roles, with the majority of that time spent in the North East, Paul Ellenor has extensive experience of the team, market, customers and supply chain. As part of Paul's wider role he will extend his regional leadership to encompass the North East in addition to his current responsibility for Yorkshire.

To support Paul in his new wider role, Shaun Pearson has been appointed as operations director for Yorkshire and North East. Shaun brings with him a wealth of knowledge of the region and key sectors.

John Gittins, managing director Building North at Tilbury Douglas, said: "Having recently announced our re-establishment as a standalone major contractor, we are committed to becoming the most customer-focused and productive contractor in the UK. I am pleased to announce these two key appointments for the Yorkshire and the North East region – this will help with the continued growth of Tilbury Douglas."
