

Triple awards success for Bishopstone station community volunteers

July 18, 2023

There was triple success for the community volunteers behind the restoration of Bishopstone station.

The Friends of Bishopstone Station (FoBS) were given three awards at the annual Railfuture Awards.

FoBS chair Barbara Mine was named as joint winner of the Gold Award for Campaigner of the Year. The station group was commended for Best Social Media and given a joint commendation for Best Website.

The awards ceremony was held at the Senate House of the University of London on Saturday (15 July). Barbara and FoBS member Graham Moore attended the event to represent the station on the Sussex Downs Line running from Seaford to Brighton.

Barbara said: “We were absolutely delighted to be given these awards by Railfuture. We wouldn’t be where we are today without the incredible and fantastic team at the Friends of Bishopstone Station.”

Railfuture judges made these comments about the individual categories:

Campaigner

“Barbara has been the driving force of FoBS, has networked superbly, seen the community hub opened by the Lord Lieutenant of (East) Sussex, developed a sustainable financial model for the CIC (Community Interest Company), and been rewarded as a 1 in 500 ‘Coronation Champion’ – a role model for any rail-related community project.”

Best Social Media

“Professional use of technology, including a WhatsApp group, primarily devoted to promoting use of the highly successful community hub in restored non-rail operational parts of the station building.”

FoBS is on Twitter at https://twitter.com/fobs_seaford and on Facebook at <https://www.facebook.com/groups/591547987945845/>

Best Website

“FoBS website (is) very professional, focused on the station as a thriving community hub using repurposed parts of the unique Art Deco listed building.”

The FoBS website is at <https://friendsofbishopstonestation.org.uk/>

:: The awards were presented by Railfuture’s honorary president Christian Wolmar.

Railfuture is an independent organisation campaigning for a bigger, better railway. It is a voluntary group representing rail users.

Southeast Communities Rail Partnership works to connect communities to places and opportunities. It has nine Community Rail lines and works with five train operators across East and West Sussex as well as parts of Surrey, Kent and Berkshire. The partnership works with train operators, Network Rail, local authorities, community representatives and dedicated volunteers at stations on its lines.

It is part of the wider Community Rail Network which is a growing grassroots movement made up of community rail partnerships and groups across Britain. They engage communities and help people get the most from their railways, promoting social inclusion and sustainable travel, working alongside train operators to bring about improvements, and bringing stations back to life.

More details of the various Community Rail lines and guides to discover each line are at www.southeastcrp.org
