

Volunteers give Cheshire station a makeover

July 5, 2022

A team of volunteers has given Cheshire station a makeover.

During a day of action, the newly formed Glazebrook station adoption group carried out the work, teaming up with volunteers from Northern.

They cleared up litter and vegetation on Saturday, 2 July.

Chris Jackson, regional director at **Northern** said: "I'd like to thank everyone who volunteered to spend the day at Glazebrook - there has been an amazing transformation in just one day.

"Our community partners are the heartbeat of the railway and we're extremely proud to work closely with them to deliver such a wide-ranging positive impact for the North of England."

"Our work within the community is part of our wider programme of improvements at many of our stations - including improved accessibility, car park refurbishments and improved CCTV - to encourage all our customers to 'go do their thing' and explore the north.

- **Crime reduction manager for Northern commended for bravery**
- **Northern's Class 333 trains to undergo digital upgrades**
- **Northern appointment to keep fleet of more than 360 trains 'spick and span'**

Tony Prescott, project and operations manager at local community charity the Hamilton Davies Trust, who co-founded the adoption group with Cllr Phil Eastty of Warrington Borough Council, said: "There were 12 of us at this first adoption group event. We did plenty of cutting back and ground clearing. Everybody mucked in and we had a great time. Everyone is looking forward to being members of the Friends of Glazebrook Station.

He added: "We welcome new members. If you'd like to get involved, please contact us."

Northern is the second largest train operator in the UK, with nearly 2,000 services a day to more than 500 stations across the North of England.
